

Bank of America Private Bank Philanthropic Solutions Grantmaking Procedures – Georgia Office

I. INTRODUCTION

Bank of America, N.A. serves as trustee, co-trustee, or agent to numerous private foundations. The Atlanta, Georgia Private Bank, Philanthropic Solutions office manages many discretionary foundations which support nonprofit organizations serving vital community needs. The majority of these foundations were created and structured by donors to provide focused grantmaking based on specific program and/or geographic funding guidelines.

Working with internal or external distribution committees, co-trustees, family members, or external advisors, we carefully evaluate grant proposals to ensure that meaningful grants are awarded in accordance with the philanthropic mission of each foundation. We have prepared these grantmaking guidelines as a general overview to help the nonprofit community better understand the grantmaking goals and process for Georgia-based foundations. If you have further questions please contact mark.s.drake@bofa.com.

The majority of grants are awarded in Georgia; however, there are a few foundations with geographic focus areas reaching outside the state. Please review Section IV of these guidelines to learn more about the various foundations and their geographic focus areas.

Please note that if your organization is awarded a grant, a Post Grant Evaluation Report is required on or before the foundation's next application deadline date. Please see pages 5, 6 & 7 for more details.

II. PHILANTHROPIC GOALS

Program Focus Areas

We seek to positively impact the lives of the traditionally underserved within our communities through our support of charitable organizations. There are a limited number of Georgia foundations where the donor granted funding discretion to Bank of America Private Bank. These foundations generally fund the areas of human services, education, health care, the arts, and the environment.

The majority of foundations administered in Georgia have specific funding guidelines, therefore, we ask that you please refer to our website, www.bankofamerica.com/grantmaking, to learn more about the specific program focus areas. There you may research the various foundations using the Find a Foundation Search feature which will provide you with further details and giving preferences of the foundations.

Type of Support

The foundations primarily fund program or project support. A limited number of foundations also provide operating and/or capital support. We do not provide support for endowment campaigns.

Please refer to our website to learn more about the giving preferences and restrictions. You can navigate to all of these foundations using the Find a Foundation search feature, and then you can research each respective **foundation detail** page for further details and giving preferences.

Other

We typically do not provide support for start-up nonprofits or programs that are not yet established. However, we are open to discussing possible opportunities with you.

Grantee Lists

You may review each foundation's most recent list of grantees in the 'Grant History' section of each **foundation detail** page. The interactive *Foundation Maps* tool is part of Candid-The Foundation Center's eGrant Reporting Program. To learn more about navigating the Maps, visit Candid-The Foundation Center's tour of *Foundation Maps*. (<https://maps.foundationcenter.org/tour.php>)

III. APPLICATION PROCEDURES

Each foundation has its own mission statement, funding parameters, and application deadlines. The first step in the application process is to determine if there is a match between your organization's work and the funding parameters of any of the foundations. Based on these results, you will select a particular foundation(s) to direct your application.

*Due to the high volume of inquiries, we ask that you visit our website to research the most appropriate funding matches **before** contacting us with questions and clarifications.*

Before You Apply

We recommend that you thoroughly research the information provided at www.bankofamerica.com/grantmaking. The website provides detailed information about each foundation, and the Find a Foundation search feature may assist you further in selecting the various foundations. Specifically, we recommend that you thoroughly read the **foundation detail** pages, which are 1-page summaries on each foundation, and the **Frequently Asked Questions** (FAQ) tab which provides helpful overview information. After exploring our website, you should be able to determine:

1. An appropriate foundation by entering the *Area Served* and/or *Program Type* preference(s) in the search filter
2. If your organization meets the geographic and/or programmatic parameters of the specific foundation
3. The proposal deadline of the specific foundation, ensuring that your proposal is submitted at the appropriate time of the year

Please refer to Section IV for details about the geographic focus area(s) and proposal due dates of each foundation.

A post-grant evaluation for any prior grant award must be submitted in order to be eligible to apply in a subsequent year. For more detail, refer to Grant Reporting section on page 4.

Submitting an Application

Please note that **all of the foundations utilize an online application process**. Please see each individual foundation detail page to access the ‘Apply Now’ link and to review the Online Application Help document for more detail.

Please submit online applications by 11:59 p.m. on the day of the foundation’s deadline date. If the application deadline date falls on a weekend or a federally recognized holiday, we do not extend the deadline, therefore applications must be submitted on the prior business day by 11:59 p.m.

Online grant applications will be accepted 24-hours a day, 7 days a week, generally on, or prior to the proposal due date. However, applicant inquiries can only be answered during normal business hours, Monday through Friday, 9 a.m. – 5 p.m. EST. Please be advised that technical support is not provided on weekends for password resets or general technical inquiries. Therefore, it is best to start your application early, seek technical support during business hours, and to submit your application in advance of the due date.

If the online grant report form is not yet visible, please let us know via email at ga.grantmaking@bofa.com, and we will publish an online form to your account.
