Overview

This schedule lists the fees associated with your account and ways to avoid them when applicable. For details about your account and its fees, please review the account descriptions and Other Account Fees and Services section of this document.

Your account and deposit relationship with us are governed by this schedule of fees and the Deposit Agreement and Disclosures. Please read both agreements carefully. These agreements are part of the binding contract between you and us for your account and deposit relationship. You can also find these agreements at bankofamerica.com.

When you open a deposit account, it is located at a financial center and generally remains at that location until it is closed. If your address is in a state where we do not have a financial center at the time, we may open the account at a financial center in Virginia. If state taxes apply to an account or service, taxes are in addition to the fee amount listed.

We may change the accounts and services described in this schedule at any time. We may add new terms and conditions. We may delete or amend existing terms and conditions. We may also add new accounts or services and convert or discontinue existing accounts or services at any time.

You can get information about interest rates and fees for services not covered in this schedule by visiting a financial center or calling us at the number on your statement.

Personal Bank of America Advantage Banking Account

Advantage Banking Account Settings
- Bank of America Advantage SafeBalance Banking™
- Bank of America Advantage Plus Banking™
- Bank of America Advantage Relationship Banking™

Your Bank of America Advantage Banking Account offers you the ability to choose from and switch between three account settings. Each account setting has a different set of features to offer you flexibility if your banking needs change.

Paper checks are an included feature of the Bank of America Advantage Plus Banking and Bank of America Advantage Relationship Banking account settings.

The Bank of America Advantage SafeBalance Banking account setting is a checkless checking account setting which means that you cannot write personal paper checks. With the Advantage SafeBalance Banking account setting you can make deposits, withdrawals and pay bills. You can make payments with your debit card, a wire transfer, an Automated Clearing House transaction (ACH), Zelle®, or through our Online and Mobile Banking Bill Pay service, and you can make withdrawals at an ATM or financial center.

Switching to the Advantage SafeBalance Banking Account Setting
If you elect to switch from your existing personal checking account or account setting to Advantage SafeBalance Banking, you will no longer be able to write personal paper checks and should immediately stop writing them. We will continue to process checks you have written prior to switching to Advantage SafeBalance Banking for 60 days. After the 60 day period, all paper checks that you have written will be returned unpaid even when sufficient funds are available in the account to cover the check. When this happens, we will not charge you an NSF: Returned Item Fee, but the payee may charge you a fee(s) for the returned payment.

Please also review the Deposit Agreement and Disclosures.
What other agreements have terms that apply to my deposit account?

In addition to the terms in this Schedule of Fees, the terms in the Deposit Agreement and Disclosures, the signature card for your account and the other account opening documents govern your account and are part of the binding contract between you and us for your account. Please read these documents carefully.

What are paperless statements?

With the paperless statement option, you get your account statement electronically through Online Banking and you do not get a paper statement. You can enroll in paperless statements at a financial center or through Online Banking. When you enroll at a financial center, you'll need to log into Online Banking from your computer to confirm your choice.

What is a direct deposit?

A direct deposit is an electronic deposit of funds to a checking or savings account. For Bank of America Advantage Plus Banking accounts, qualifying direct deposits are deposits of regular monthly income — such as your salary, pension, or Social Security benefits — which are made by your employer or other payer using the account and routing numbers that you provide to them.

Other types of transfers and deposits do not qualify for the waiver of the monthly maintenance fee. Examples of non-qualifying transfers and deposits include: teller deposits, wire transfers, Online and Mobile Banking transfers, transfers from one account to another, and ATM transfers and deposits.

What does variable rate mean?

Funds in an interest bearing checking or savings account earn a variable interest rate. This means that your interest rate and annual percentage yield may change after the account is opened. At our discretion, we may change your interest rate and annual percentage yield at any time.

What does it mean to link accounts?

You can link some of your other accounts with us either to your Bank of America Advantage Relationship Banking, Bank of America Advantage® with Tiered Interest Checking, or Bank of America Advantage® Regular Checking account for pricing. When you link another account for pricing, you can use the balances in the other account to help you meet the balance required to avoid the monthly maintenance fee on your checking account. You must tell us what other accounts you want us to link to your checking or banking account. An account can only be linked for pricing to one checking or banking account at a time. We do not link your other accounts for pricing unless you tell us to do so.

Please see the Advantage Banking account descriptions in this Schedule of Fees for information about what accounts can be linked and applicable balance requirements. Some restrictions apply to what accounts can be linked. See below and the Combined Balance Service section in the Deposit Agreement and Disclosures for information.

When a new account is opened to replace an existing account, we do not automatically link the new account to your checking or banking account. An account can only be linked for pricing to one checking or banking account. You must tell us what other accounts you want us to link to your checking or banking account.

As examples, when you change the account number of your checking account, we close the current checking account and open a new checking account. In both examples, the replacement account is a new account and, if you want us to link it to your checking or banking account for pricing, you need to tell us to link the new account.

For linked accounts, we may send you a monthly statement that reports account information for all of your linked accounts instead of separate statements for each account.

What Bank of America first mortgage loans can qualify for a waiver of the monthly maintenance fee on a Bank of America Advantage® with Tiered Interest Checking or Bank of America Advantage® Regular Checking account?

We currently service many mortgage loans we make. If we service your Bank of America first mortgage loan, you can have us link the loan to your Bank of America Advantage® with Tiered Interest Checking or Bank of America Advantage® Regular Checking account. Sometimes we sell mortgage loan servicing to other companies. If we sell the servicing on your mortgage loan, then the loan is no longer eligible to be used for this waiver.

What limits apply to linking accounts?

Some restrictions apply to what accounts can be linked to a checking or banking account, including the following. You can generally link savings, Individual Retirement Account (IRA) and CD, and some checking and Merrill Edge or Merrill Lynch investment accounts to your checking or banking account. You may only link an account to one checking or banking account at a time. To link additional accounts to a checking or banking account, at least one of the owners of the linked additional account must also be an owner of the checking or banking account. You may not link personal and business accounts together.

You may not link custodial accounts, such as UTMA or UGMA accounts, for pricing or other program benefits. We may in our discretion place other restrictions on what accounts can be linked.

Are the statement cycles for linked accounts the same?

When you link accounts for pricing, the statement cycles are generally different. If you use a combined statement for your checking and savings accounts, the statement cycles for the linked checking and savings accounts are generally the same.

What are combined statements?

A combined statement is one statement that reports activity for your checking or Advantage Banking account and each deposit account linked to that account, instead of separate statements for each account. In most cases we do not automatically send you a combined statement. You must generally request a combined statement and tell us to link the accounts you want included in the combined statement.
When linked accounts are reported on the combined statement, you understand and agree that each owner of any linked account can review information about all other linked accounts. You should not link accounts that you do not want others to see. Please read the information about Combined Statements in the Deposit Agreement and Disclosures.

**What is the transaction date for the savings Withdrawal Limit Fee?**

To determine whether a Withdrawal Limit Fee applies to a withdrawal from your savings account, we count the withdrawal on the date we post it to your account. If you are counting the number of withdrawals you make each monthly statement cycle, please note that the date we count the withdrawal may be different than the date you authorize or make the withdrawal. This means that we may not count the withdrawal until a later statement cycle.

**What are the transaction limitations on my savings account?**

There is no limit on the number of deposits you may make to your account. You can also make any number of withdrawals and transfers to your account through the financial center, by mail or at an ATM or ATM with Teller Assist (ATA).

However, federal regulations (applied to all U.S. Banks) and the Deposit Agreement and Disclosures limit the number of certain types of withdrawals and transfers from a savings account to a total of six each monthly statement cycle (each month for savings accounts with a quarterly statement). This transaction limit applies to the following types of withdrawals or transfers: automatic or pre-authorized transfers, telephone transfers, Online and Mobile Banking transfers or payments, or, if checks or debit cards are allowed on the account, check, draft and point of sale transactions.

If you exceed these limits on more than an occasional basis, we may convert your account to another type of account, like a checking account, and your account may no longer earn interest.

Please note that for savings accounts, we charge a Withdrawal Limit Fee for each withdrawal and transfer of any type in excess of six if the applicable balance requirement is not met. The Withdrawal Limit Fee is separate from the federal regulatory requirements. See the information about this fee in the savings account section on page 6.

**Which employees and retirees are eligible for a waiver of the Monthly Maintenance Fee?**

The fee waiver applies to full-time or part-time employees actively employed by Bank of America and Retirees with at least 10 years of vesting service, and their age plus years of vesting service equal to at least 60 (with no minimum age requirement).

**Keep the Change® Savings Service**

When you enroll in our Keep the Change savings service, we round up the amount of Bank of America debit card purchases made by you or a joint owner of your checking account to the next whole dollar amount, and transfer the amount in excess of the purchase price to your savings account.²

We aggregate the round-up from purchases that post to your checking account each business day and make a single transfer (the “Keep the Change” transfer) at the end of the business day. If on a business day you do not have sufficient available funds in your checking account, or if any transaction has overdrawn your checking account, we do not round-up purchases posted on that business day and we cancel the Keep the Change transfer for that day.

If your debit card purchase is subsequently cancelled or reversed, the corresponding Keep the Change transfer will remain in the savings account.³ We may cancel or modify the Keep the Change service at any time.

²If your savings account enrolled in Keep the Change is converted to a checking account, Keep the Change transfers will continue to be made into that account. Should you have any questions on the Keep the Change program, please contact your nearest financial center.

**Other Important Account Information for Bank of America Advantage SafeBalance Banking Account**

This section covers some of the features and services that may apply to your account and amends certain sections of the Deposit Agreement and Disclosures.

**How does the Deposit Agreement and Disclosures apply to my Advantage SafeBalance Banking account?**

In addition to the terms in this Schedule of Fees, the terms in the Deposit Agreement and Disclosures, the signature card for your account and the other account opening documents govern your account and are part of the binding contract between you and us for your account. Please read these documents carefully. Certain sections of the Deposit Agreement and Disclosures that are changed are noted in this section and in the Overview.

**NOTE:** The following two questions amend the “Insufficient Funds – Overdrafts and Returned Items” section of the Deposit Agreement and Disclosures. That section is deleted and replaced with the information in these two questions.

**My account is overdrawn. I thought I could not overdraft my Advantage SafeBalance Banking account?**

While we attempt to limit overdrafts on your Advantage SafeBalance Banking account, at times overdrafts still occur. When we determine that you do not have enough available funds in your account to cover an item, then we consider the item to be an insufficient funds item. Without notice to you, we may overdraft your account (an overdraft item) or we decline or return the insufficient funds item without payment (a returned item). We will not charge you an Overdraft or NSF: Returned Item Fee if this happens. However, you may be assessed a fee by the merchant. If we overdraft your account, you agree to repay us immediately, without notice or demand from us. We ordinarily use deposits you or others make to your account to pay overdrafts, fees and other amounts you owe us.

Sometimes funds in your account are not available to cover your items. When we determine that funds in your account are subject to a hold, dispute, or legal process, then these funds are not available to cover your items. We usually make this determination once at the end of the day when we process items. Examples of holds include deposit holds, holds related to cash withdrawals, and authorization holds we place on the account for debit card transactions. We may also treat as an insufficient funds item each fee that creates an overdraft and each deposited item returned to us unpaid that creates an overdraft.
Here is an example of how your account might still become overdrawn. You use your debit card to pay for your meal at a restaurant. The restaurant asks us to authorize the transaction for the amount of the meal. We authorize the transaction because we determine you have enough available funds in your account at this time. However, if you decide to use your debit card to leave a tip and add the amount of the tip to the cost of the meal, that will increase the total amount of the transaction. When the transaction is processed that night, you may not have enough funds in your account to cover the increased amount of the transaction and it will overdraw your account. This means, unless you promptly transfer or deposit enough available funds, when we receive the debit card transaction, it will overdraw your account. However, you will not be charged an overdraft fee by the Bank.

What overdraft setting is applied to Advantage SafeBalance Banking account setting?
We automatically apply our Decline All Overdraft Setting to your Advantage SafeBalance Banking account. With the Decline All Overdraft Setting, we do not authorize or pay any transaction unless we determine that at the time of the transaction you appear to have enough available funds in your account to cover the transaction. This means that we will decline or return these transactions unpaid. You may be assessed a fee by the merchant if this happens.

What happens if a merchant wants to use my account number and routing number for a payment?
Be careful when you give out your account number and routing number to an originator that you authorize to process debits from your account. At times, an originator may process such a payment as a check and submit it to us instead of an ACH (Automated Clearing House) transaction. Those checks will be rejected and not paid. You may be charged a fee by the originator if this happens. If you give anyone your account number and routing number, make sure it is for an ACH transaction only. You may want to ask the merchant can use your debit card number instead. Please see the Deposit Agreement and Disclosures for more details about ACH transactions.

How do I pay my bills if I don’t have checks? What if I need to write a check?
You can pay bills and make payments with your debit card, a wire transfer, an Automated Clearing House transaction (ACH), Zelle®, or through our Online and Mobile Banking Bill Pay service. If you need to write checks on a regular basis and these alternatives do not work for you, you may need a traditional checking account that offers check-writing capability. Cashier’s checks are also available for a fee in our financial centers.

What happens if my employer asks for a voided check for direct deposit?
Since the Advantage SafeBalance Banking account does not include checks, you cannot provide a voided check. You can provide the account number and routing number and indicate that it is a checking account so that your employer can set up a direct deposit to your account. You can complete the printable direct deposit enrollment form in Online Banking or ask us for the direct deposit enrollment form that you can provide to your employer.

What happens if I switch to checks I have written from my existing personal checking account if I switch my account to Advantage SafeBalance Banking?
If you switch from your existing personal checking, Advantage Plus Banking, or Advantage Relationship Banking account to an Advantage SafeBalance Banking account, we will continue to process checks for 60 days. After the 60 day period, all paper checks that you have written will be returned unpaid even when sufficient funds are available in the account to cover the check. When this happens, we will not charge you an NSF: Returned Item Fee, but the payee may charge you a fee(s) for the returned payment.

Preferred Rewards
You are eligible for the Preferred Rewards program when you (i) have an active, eligible Bank of America personal checking or Bank of America Advantage Banking account and (ii) maintain the balance required for one of the balance tiers in any combination of eligible deposit accounts with Bank of America and/or eligible investment balances with Merrill Edge® or Merrill Lynch. Once you are eligible, you can enroll for program benefits. Enrollment is generally available within three or more business days of eligibility.

The combined balance requirement is calculated based on your average daily balance maintained for a three calendar month period.

Your benefits become effective within one month of your enrollment, or for new accounts within one month of account opening, unless we indicate otherwise. Some benefits are automatically activated upon the effective date of your enrollment and require no action on your part. Some benefits may require you to open a new account or take other action. Some benefits are available based on balances and other requirements without the need to enroll. Read carefully the terms of any offer to understand the action required.

Different benefits are available at different balance tiers. The balance tiers are: Gold, for qualifying combined balances at and above $20,000; Platinum, for qualifying combined balances at and above $50,000; and Platinum Honors, for qualifying combined balances at or above $100,000.

You will qualify for the next higher balance tier when your three-month average combined balances meet or exceed the minimum amount for that balance tier. You will be moved to a higher balance tier starting in the month after the month in which you satisfy the combined balance requirement.

We will perform an annual review of your qualifying balances in the month following the anniversary date of your initial enrollment in the program. The annual review will calculate your three-month average combined balance as of the end of your anniversary month and place you in the balance tier for which you meet the qualification requirements. If the result of the annual review calculation would be to move you to a lower tier, you will have a three-month period from your anniversary month in which to restore your qualifying balance before you are moved to that lower balance tier. If you are moved to a lower balance tier, your benefits may be changed to those of the balance tier for which you qualify without further notice. Please note that while you can be moved to a higher balance tier after any month in which you satisfy the three-month average combined balance requirement for that tier, you will only be moved to a lower balance tier as a result of the annual review.

At the annual review, we will also confirm that you still have an active, eligible personal checking or Bank of America Advantage Banking account with Bank of America. If as a result of the annual review you do not qualify for any balance tier, or you no longer have an eligible checking or Bank of America Advantage Banking account, you do not sufficiently restore your balances or open an eligible checking or Bank of America Advantage Banking account in the three months after your anniversary month, your qualification will discontinue. Your benefits may then be discontinued immediately without further notice.

You or we may terminate your enrollment at any time. We may change or terminate program benefits at any time, without prior notice.

Only personal accounts that you own, and that in our determination are in good standing,
count toward your balance requirements and receive benefits. Accounts on which you are a signer but not an owner, or accounts included in your periodic statement on which you are not an owner, are not eligible. Bank of America Advantage SafeBalance Banking accounts count towards the checking account and balance requirements, and receive benefits.

Business accounts do not count towards the checking account requirement or balance requirements for the program, and will not be eligible to receive program benefits. Business Advantage Relationship Rewards is Bank of America’s rewards program for business accounts. Your business accounts may qualify separately for the Business Advantage Relationship Rewards program.

See below for examples of accounts that do and do not qualify for the combined balance calculation:
