

Overview of SafeBalance Banking®

key policies and fees

Your SafeBalance account

Monthly Maintenance fee	\$4.95	This fee applies each month
-------------------------	---------------	-----------------------------

ATM fees

Bank of America ATMs	No ATM fee	For deposits, withdrawals, transfers or balance inquiries
Non-Bank of America ATMs	\$2.50	In the U.S., plus any fee charged by the ATM's operator
	\$5.00	Outside the U.S., plus any fee charged by the ATM's operator

No check writing

You cannot use paper checks on this account. Any check written will be returned unpaid, even if you have enough money in your account. Instead, you can pay individuals and businesses using:

- **Your Debit Card:** Make purchases and payments at millions of locations.
- **Online and Mobile Bill Pay:** With SafeBalance Banking, the money will typically be taken out of your account on a date prior to the payment delivery date. The days between when the money is taken out of your account and the actual payment date is made varies depending on who you are paying. You can check both dates in Online and Mobile Bill Pay before you confirm your payment.
- **Online or Mobile Banking transfers:** Securely send money to friends, family or coworkers by using their email address or mobile number.¹

No bank overdraft fees

We do not charge overdraft fees on this account. To help you avoid overdrawing your account, transactions will be declined and returned unpaid when you don't have enough money in your account.

- If this happens, you will not be charged a bank overdraft fee, but the merchant or third party could charge you a fee. For example, you may be charged a late fee if the payment isn't received on time.
- You can set up email or mobile Alerts to notify you when you have a low balance in your account or when items are not paid.

While this account prevents you from overdrawing in most cases, there may still be times when your account could have a negative balance. This could happen if a transaction is authorized for one amount but the actual charge is more than the money in your account. Examples include:

- When you use your debit card for a meal and then add a tip to the authorized amount that appears on your receipt
 - When you use your debit card to get gas at the pump and are authorized for \$1 first, then the full amount after you pump the gas
- Fees charged to your account may also result in a negative balance.

In these situations, your account could end up with a negative balance, but we will not charge you an overdraft fee.

When your deposits are available

- **Cash, direct deposits and wire transfers:** On the day we receive them.
- **Checks you deposit:** Usually the next business day, if deposited before the financial center or ATM cutoff time.
- **Mobile Check Deposits:** Usually the next business day, if deposited by applicable cutoff times (please refer to "Get Help" in the Mobile Banking app for additional details and terms and conditions). Dollar limits apply to this service, vary by account and are communicated during the deposit process.
- **If we place a hold on your deposit,** we'll let you know the hold reason and when funds will be available for you to use. This is typically provided at the time of deposit but may also be mailed later. Deposits greater than \$5,000 and checks deposited within the first 30 days of account opening may be held longer.

How we post transactions

The way we post transactions impacts your account balance. After each business day ends, we'll group transactions received that day into categories before posting them. We show below the most common categories, and common types of transactions within each of them.

We generally post transactions in the order shown below.

- **Deposits:** Added from highest to lowest dollar amount.
- **Many debit transactions:** Subtracted based on the date and time you made them (if the system knows the date and time of the transaction)². These include one-time and recurring debit card transactions, one-time transfers and ATM withdrawals.
- **Most other electronic payments and preauthorized transfers:** Subtracted from highest to lowest dollar amount. These include scheduled transfers, online bill payments and preauthorized payments that use your account number.
- **Most fees:** Subtracted from highest to lowest dollar amounts.

Reminder: Paper checks will not work with this account.
