Business Schedule of Fees

Banking Solutions

Effective November 12, 2021

Applies in all states
Account Fees for Business Deposit Accounts

This schedule applies to business deposit accounts. Please read carefully. It is part of the binding contract between you and us for your account and deposit relationship.

This schedule lists account fees that may apply to you, depending on which account settings you have, how you use your account and what services you use. It also explains how you can avoid some fees.

For information about interest rates, fees and other services not covered in this schedule, please visit a financial center, call us at the number on your statement or 888.BUSINESS (888.287.4637). Please note that fees for your account may be different than those listed in this schedule based on your overall relationship with us.

We may change the accounts and services described in this schedule at any time by adding new terms and conditions or deleting or amending existing terms and conditions. We may also add new accounts or services and convert or discontinue existing accounts or services at any time.

You can ordinarily open most accounts through all of our channels— in our financial centers, through telephone banking, mobile and online. However, some accounts may not be available at all times, in all locations, or through all channels. If your address is in a state where we do not have a financial center, we may open the account as if you opened it at a financial center in the state of Florida. In these circumstances, the pricing and account terms will be those applicable to accounts opened in the state of Florida.

Your account and deposit relationship are also governed by the Deposit Agreement and Disclosures. Please read that agreement carefully.

Account Services

All business checking accounts offer these optional services and programs:

- Business Debit Card – lets you access Bank of America ATMs to make deposits, withdrawals or transfers and make purchases anywhere business debit cards are accepted
- Business Employee Debit Card also available with access and spending limits controlled by you
- Business Deposit Card for you or your employees
- Balance Connect™ for overdraft protection from your linked Bank of America business deposit account, business credit card or business line of credit
- Preferred Rewards for Business provides a range of benefits when you qualify for and enroll in the program that increase as your business deposit and business investment balances grow

• The Monthly Fee for banking and all linked and included accounts will post after the cycle closes. |

* See Balance Information under the Other Account Information section for more detail.

** Use a linked Bank of America business debit card to make at least $250 in new net purchases each statement cycle and Bank of America will waive the Monthly Fee on your Business Advantage Fundamentals Banking account. In addition to the primary business debit, linked employee business debit cards also count toward the monthly net purchases amount threshold.

The following transactions do not qualify: a) ATM transactions; b) refunds, returns or other adjustments; c) cash advances or purchases of cash-like items, such as money orders, traveler’s cheques, foreign currency, cashier’s checks, gaming chips, and other similar instruments and things of value; d) account funding transactions, including transfers to open or fund deposit, escrow or brokerage accounts and purchases of stored value cards; e) pending (unposted) transactions.

NOTE: The waiver applies only when the owner of the Business Advantage Fundamentals Banking account and the owner of the linked product share the same Taxpayer Identification Number (TIN).

<td>• A non-sufficient funds (NSF) fee applies to each overdraft item and each NSF: returned item with no more than 4 items charged each day. • When you do not have enough available funds in your account to cover an item, we may either pay the item and overdraft your account (an overdraft item) or we may decline or return the item unpaid (an NSF: returned item). In either case we may charge you a fee for each item over $1.00. We do not charge you an Overdraft Item Fee for any item that overdraws your account by $1.00 or less. Some common examples of items are a check, an in-person withdrawal slip, an ATM withdrawal or another electronic instruction (such as a debit card purchase). Please see the Deposit Agreement and Disclosures for more information about overdrafts, NSF: returned items and how we process and post these items. • Under the NACHA Operating Rules, a merchant or payee, or its financial institution is required to label an ACH submission that has been resubmitted after the previous submission was returned for insufficient funds as a “RETRY PYMT.” We do not charge you an Overdraft Item Fee or an NSF: Returned Item Fee fee on any ACH submission labeled as a “RETRY PYMT” in the data transmitted through the ACH Network. For example, if you authorize your credit card to debit your account on a one-time or recurring basis and the resulting ACH submission is returned for insufficient funds, we will not charge you an Overdraft Item Fee or NSF: Returned Item Fee on a resubmission as long as the resubmission bears the “RETRY PYMT” label. However, because we cannot reliably identify ACH resubmissions that are not labeled “RETRY PYMT” by the merchant or payee, or its financial institution, if your card company resubmits the ACH submission without the “RETRY PYMT” label, you may incur an additional and separate Overdraft Item Fee or an NSF: Returned Item Fee. We have no control over how merchants label their ACH submissions or resubmissions. If you believe that a resubmitted electronic transfer was mislabeled and you were improperly charged a fee, you must notify the Bank within the timeframes established by the Deposit Agreement and Disclosures and the Electronic Fund Transfer Act. See Deposit Agreement and Disclosures sections titled Reporting Problems and Funds Transfer Services. • To help you manage your account, we recommend that you use Business Advantage 360, Online Alerts and Balance Connect™ for overdraft protection from your linked Bank of America business deposit account, business credit card or business line of credit. As an example, use low balance Alerts to notify you when your balance drops below an amount you set. • Business Advantage Savings accounts do not have Overdraft Item Fees or NSF: Returned Item Fees.</td>

#### Balance Connect™ for overdraft protection

With Balance Connect™ you can link up to 5 eligible backup accounts to your eligible checking account (covered account) for overdraft protection. This optional service can help you cover your payments and purchases, helping you avoid overdrafts and declined or returned items. While fees apply when you use Balance Connect™, these fees may be less expensive than the fees for overdrafts and declined or returned items. Please see the Deposit Agreement and Disclosures for more information about eligibility and how Balance Connect™ transfers work. To enroll in this service, please visit Online Banking, call the number on your account statement or talk to your local financial center associate.

| Overdraft Protection | Overdraft Protection Transfer Fee | $12.00 each transfer | • Overdraft Protection transfers are made from one or more linked backup accounts for the amount required to cover the overdraft and the applicable transfer fee on your eligible checking account (covered account). If your linked backup account(s) do not have enough available funds to cover the necessary amount, we may decline to make the transfer, and your checking account may become overdrawn and you may be charged Overdraft Item or NSF: Returned Item fees.  
• Overdraft protection transfers through Balance Connect™ from a linked savings account count as one of the six limited transactions you are allowed each month from your savings account.  
• Overdraft protection transfers through Balance Connect™ from a linked business credit card are considered cash advances and the amount advanced is subject to interest or finance charges as provided in the applicable card agreement. See your card agreement for applicable rates.  
• Overdraft protection transfers through Balance Connect™ from a linked Bank of America business line of credit are considered cash advances and the amount advanced is subject to interest or finance charges as provided in the business line of credit agreement. See your business line of credit agreement for applicable rates.  
• Only 1 Overdraft Protection Transfer Fee charged to each covered account per day a transfer is made to it, regardless of the number of items covered or whether funds are transferred/advanced from multiple accounts.  
• Preferred Rewards for Business members qualify for a waiver of this fee.  
• We will not charge an Overdraft Protection Transfer Fee if all individual items covered by the transfer are $1.00 or less. In addition, we will not charge this fee if your covered account is overdrawn by a total amount of $1.00 or less before an overdraft protection transfer is made.  
• You may avoid the fee by monitoring your account activity in Online and Mobile Banking and transferring funds into your checking account on your own before an overdraft occurs. |

• Business Advantage Relationship Banking accounts included in the solution qualify for a waiver of our standard wire fee for an incoming domestic wire and incoming international wire transfer.  
• For international wire transfers, in addition to our standard wire transfer fee, other fees may also apply, including those charged by the recipient's financial institution, foreign taxes, and other fees that are part of the wire transfer process. Markups associated with the currency conversion are included in the Bank of America exchange rate.  
• When deciding between sending in foreign currency or U.S. Dollars, you should consider factors that impact the total cost to send or the amount available after transfer, such as exchange rates and other fees.  
• Preferred Rewards for Business members qualify for a waiver of our standard wire fee for incoming domestic wire transfers. The standard wire fee for incoming international wire transfers is only waived for Preferred Rewards for Business members in the Platinum and Platinum Honors tiers.  
• Only Preferred Rewards for Business members in the Platinum Honors tier qualify for a waiver of our standard wire fee for outbound domestic and international wires sent in U.S. Dollars for the first four (4) wires sent per statement cycle through the online channel (includes wires sent through Business Advantage 360 and Direct Payments). Wires sent via CashPro are not eligible for the fee waiver. |
Other Account Information

This section covers some of the features and services that may apply to your account, depending on which account you have and how you use your account. Please see the Deposit Agreement and Disclosures for more information.

Balance Information

The terms “Opening Balance,” “Minimum and Average Balances,” “Minimum Daily Balance,” “Average Monthly Balance,” “Combined Average Monthly Balance” and “Eligible Balances” are explained below. Other balance terms are explained in the Deposit Agreement and Disclosures.

Opening Balance. You can open most banking and savings accounts with a deposit of $100 or more.

Minimum and Average Balances. With most banking and savings accounts, you can avoid the monthly fee for each statement cycle during which you maintain a specified balance. If applicable, the balance requirements are listed with the account description.

Minimum Daily Balance. The lowest balance that we determine is in the business account during a statement cycle.

Average Monthly Balance. For a statement cycle, we take the balance that we determine is in the business account for each day in the statement cycle, add those balances together, and then divide that sum by the number of days in the statement cycle.

Combined Average Monthly Balance. For a statement cycle, we add the following balances together in your linked business accounts to calculate the combined average monthly balance:

- The average monthly balance in your banking account and in each banking and savings account that is linked to it.
- We determine the average monthly balance in a linked account by using the beginning balance in the linked account for each day of the primary banking statement cycle. And
- The current balance, as of the end of your primary banking statement cycle in each CD that is linked to your primary banking account.

See below for the eligible account types that may be linked to meet the combined balance requirement for each business banking product.

For Business Advantage Fundamentals Banking Eligible Balances. For this banking solution, you may link Business Economy Checking, Business Interest Checking, Business Advantage Savings, Business Investment Account and Business CD accounts.

For Business Advantage Relationship Banking Eligible Balances. For this banking solution, you may link the one extra Business Advantage Relationship Banking account that can be included for no additional Monthly Fee with your solution, Business Economy Checking, Business Interest Checking, Business Advantage Savings, Business Investment Account and Business CD accounts.

Transaction Limits for Savings Accounts

The Deposit Agreement and Disclosures limits the number of certain types of withdrawals and transfers from a savings account to a total of six each monthly statement cycle. This transaction limit applies to the following types of withdrawals or transfers: automatic and pre-authorized transfers, telephone transfers, Online and Mobile Banking transfers or payments and drafts, and debit card transfers and drafts.

If you exceed these limits on more than an occasional basis, we may convert your account to another type of account, such as a banking account, and your account may no longer earn interest.

About the Cash Deposit Processing Fee

To determine the nearest $100 increment, less than $50.00 is rounded down and $50.00 or more is rounded up.

Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

Please also see the Deposit Agreement and Disclosures.
Frequently Asked Questions about Business Banking and Savings Accounts

What other agreements have terms that apply to my deposit account?

In addition to the terms in this Schedule of Fees, the terms in the Deposit Agreement and Disclosures, the signature card for your account and the other account opening documents govern your account and are part of the binding contract between you and us for your account. Please read these documents carefully.

What are paperless statements?

With the paperless statement option, you get your account statement electronically through Business Advantage 360, and you do not get a paper statement. You can enroll in paperless statements at a financial center or through Business Advantage 360. When you enroll at a financial center, you’ll need to log into Business Advantage 360, from your computer to confirm your choice.

How long is a statement cycle for a banking account?

The normal statement cycle for a banking account can range from 28 to 33 days. The beginning and end dates may vary slightly from month to month and are listed on the statement.

What are combined accounts?

A combined account is one statement that reports activity for your primary banking account and any deposit account linked to that primary account. You choose to include or exclude accounts linked to your primary account. A combined account is separate from a separate statement for each account. You must do two things in order to have a combined statement. First, you must specifically request a combined statement. Second, you must tell us which accounts you want included in the combined statement. You can review, print, or download the combined statement. You may delete or add accounts to your combined statement at any time.

What happens when I link my debit card to a Business Advantage Fundamentals Banking account in the banking solution?

By linking your debit card, you choose to include the primary banking account or on additional Business Advantage Fundamentals Banking accounts in the solution cycle towards the monthly spend requirement to waive the Monthly Fee. Are the statement cycles for linked accounts the same?

If you use a combined statement for your banking and savings accounts, the statement cycles for the linked banking and savings accounts are generally the same. Cycle dates may vary if you chose not to have a combined statement.

What happens if I change my Business Advantage Fundamentals Banking solution to a Business Advantage Relationship Banking solution?

If you upgrade your Business Advantage Fundamentals Banking account to a Business Advantage Relationship Banking solution and you have existing Additional Checking accounts included in your Business Advantage Fundamentals Banking solution, when you upgrade your solution you can include one Additional Checking account in your Business Advantage Relationship Banking solution for no additional Monthly Fee. However, this account will be changed to a Business Advantage Relationship Banking account and linked to the Business Advantage Relationship Banking solution. Any remaining Additional Checking accounts will each form a new, separate Business Advantage Relationship Banking account. Fees will change as will Monthly Fee qualifications. See the Business Advantage Relationship Banking solution description on page 3.

What restrictions apply when linking deposit accounts to banking solution?

Some restrictions apply to which accounts can be linked to a solution. Accounts located in different states cannot always be linked. You may not link a banking solution to another banking solution. Any remaining Additional Checking accounts to a banking solution, at least one of the owners of the additional account must also be an owner of the primary banking account in the solution. You may not link personal and business accounts together. Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

What happens if I change my Business Advantage Relationship Banking to another Business Advantage Relationship Banking solution?

If you upgrade your Business Advantage Relationship Banking solution to a Business Advantage Relationship Banking solution, you may downgrade your solution to another lower Business Advantage Relationship Banking solution, when you downgraded your solution the Additional Checking accounts will each form a new, separate Business Advantage Relationship Banking solution for no additional Monthly Fee.
What happens if my primary checking account is closed in a Business Advantage Relationship Banking or Business Advantage Fundamentals Banking solution?

Each banking solution has a primary checking account. If your primary checking account is closed, then you must tell us whether you want one of the other checking accounts in the solution to become your new primary account. If you do not select a new primary account, then we delink all of the other checking accounts and each one becomes a separate banking solution, subject to the Monthly Fee for that type of banking solution. If you have Business Interest Checking or Business Economy Checking accounts linked to the solution, these accounts will also be delinked and cannot be relinked. Business Economy Checking and Business Interest Checking cannot become the primary account in a checking solution.
Preferred Rewards for Business Program Rules

Preferred Rewards for Business is only available to Bank of America Small Business, Merrill Small Business, and Bank of America Private Bank Small Business clients. Other categories of clients, such as those commonly referred to as Business Banking, Global Corporate Banking,德尔科特联合投资银行, or Institutional clients are not eligible to participate in the program. You may enroll in Preferred Rewards for Business when you:

(i) have an active, eligible business checking account with Bank of America (eligible checking accounts are any Small Business checking account and the following Analyzed checking accounts: Full Analysis Business Checking or Analyzed Business Interest Checking); and

(ii) maintain a combined average daily balance in your qualifying Bank of America business deposit accounts and/or your Merrill business investment accounts (such as Working Capital Management Accounts, Endowment Management Accounts, Global Cash Management Accounts, Business Investor Accounts, Delaware Business Accounts). You can satisfy the combined balance requirement for enrollment with either:

(i) your average daily balance for a three calendar month period; or

(ii) your current combined balance, provided that you enroll at least one day before opening your first eligible business checking account and satisfy the balance requirement at the end of at least one day within your anniversary month.

Once you are eligible, you can enroll for program benefits. Enrollment is generally available three or more business days after the end of the calendar month in which you satisfy the requirements. Bank of America Private Bank Small Business clients are automatically enrolled in the program.

Your benefits become effective within 30 days of your enrollment, or for new accounts within 30 days of account opening, unless we indicate otherwise. Some benefits are automatically activated upon the effective date of your enrollment and require no action on your part. Some benefits may require you to open a new account or take other action. Some benefits are available based on balances and other requirements without the need to enroll. Read carefully the terms of any offer to understand the action required.

For Payroll benefits, the deposit account receiving the benefit must be open at the time the benefit is paid. To receive Merchant Services benefits, your Merchant Services processing account, and the Bank of America business checking account where you are setting up your sales processing transactions, must be open and you must be enrolled in Preferred Rewards for Business at the time the benefit is pending or open an eligible account upon account closure. The benefit will be based on your Preferred Rewards for Business tier at the time the benefit is paid.

Different benefits are available at different balance tiers. The balance tiers are: Gold, for qualifying combined balances at and above $20,000; Platinum, for qualifying combined balances at and above $50,000; and Platinum Honors, for qualifying combined balances at or above $100,000. Bank of America Private Bank Small Business clients are automatically enrolled in the program at the Platinum Honors tier as long as you maintain your Bank of America Private Bank relationship. You will qualify for the next higher balance tier when your three-month combined average daily balance meets or exceeds the minimum amount for that balance tier. Once you qualify for the next higher balance tier, you will be moved to that balance tier starting in the month after the month in which you satisfy the combined balance requirement.

We will perform an annual review of your qualifying balance in the month following the anniversary date of your enrollment. The review will calculate your three-month combined average daily balance as of the end of your anniversary month. If the result of the annual review equals or exceeds the next higher balance tier, you will be moved to that lower balance tier. If you are moved to a lower balance tier, your benefits may be changed to those of the balance tier for which you qualify without further notice. Please note that your account can be moved to a higher balance tier after any month in which you satisfy the three-month combined average daily balance requirement for that tier, you will only be moved to a lower balance tier as a result of the annual review.

At the annual review, we will also confirm that you still have an active, eligible business checking account with Bank of America. If as a result of the annual review you do not qualify for any balance tier, or you no longer have an eligible business checking account, and you do not subsequently open or re-open an eligible business checking account in the three months after your anniversary month, your program qualification will discontinue. Your benefits may then be discontinued immediately without further notice.

For Bank of America Private Bank clients, once you are no longer a client of the Bank, your enrollment in Preferred Rewards for Business will end and the benefits from enrollment will no longer be provided. You can change or terminate Program Benefits for Business if you are eligible for the program and you take action to enroll. You or we may terminate your enrollment at any time. We may change or terminate program benefits at any time, without prior notice.

Only business accounts owned by the same business entity, and that in our determination are in good standing, count toward your balance requirements and receive benefits. Accounts on which you are a signer but not an owner, or accounts included in your periodic statement on which you are not an owner, are not eligible. Personal accounts do not count toward the checking account requirement or balance requirements for the program, and will not be eligible to receive program benefits. Bank of America has a separate rewards program for personal accounts. Your personal accounts can be used to qualify for that program.

Each business entity, including business entities with common ownership, must qualify on its own to be eligible for the program and must enroll in the program separately. If at any time you become a Business Banking, Global Commercial Banking, Global Corporate Investment Banking, or Institutional client, and are no longer a Small Business client, your qualification will discontinue. Your benefits will then be discontinued without further notice. Contact us at the phone number on your statement if you have questions about your Bank relationship.

See the chart below for examples of accounts that do and do not qualify for the combined balance calculation.
