Business Schedule of Fees

Banking Solutions

Effective August 20, 2021
Applies in all states
This schedule applies to business deposit accounts. Please read carefully. It is part of the binding contract between you and us for your account and deposit relationship.

This schedule lists account fees that may apply to you, depending on which account settings you have, how you use your account and what services you use. It also explains how you can avoid some fees.

For information about interest rates, fees and other services not covered in this schedule, please visit a financial center, call us at the number on your statement or 888.BUSINESS (888.287.4637). Please note that fees for your account may be different than those listed in this schedule based on your overall relationship with us.

We may change the accounts and services described in this schedule at any time by adding new terms and conditions or deleting or amending existing terms and conditions. We may also add new accounts or services and convert or discontinue existing accounts or services at any time.

You can ordinarily open most accounts through all of our channels – in our financial centers, through telephone banking, mobile and online. However, some accounts may not be available at all times, in all locations, or through all channels. If your address is in a state where we do not have a financial center, we may open the account as if you opened it at a financial center in the state of Florida. In these circumstances, the pricing and account terms will be those applicable to accounts opened in the state of Florida.

Your account and deposit relationship are also governed by the Deposit Agreement and Disclosures. Please read that agreement carefully.
### Business Advantage Banking Accounts

**Business Advantage Banking Account Settings**
- Business Advantage Fundamentals™ Banking
- Business Advantage Relationship Banking

Your Bank of America Business Advantage Banking Account offers you the ability to choose from and switch between two account settings. Each account setting has a different set of features to offer you flexibility if your banking needs change.

- No fee  
Cash Deposit Processing Fee  
- No fee for first $7,500, then 30¢ per $100  
- See About the Cash Deposit Processing Fee under the Other Account Information section for more detail (see page 11). | • An account setting for businesses with lower transaction and cash requirements.  
• The Monthly Fee for banking and all linked and included accounts will post after the cycle closes. |

---

* See Balance Information under the Other Account Information section for more detail.

** Use a linked Bank of America business debit card to make at least $250 in new net purchases each statement cycle and Bank of America will waive the Monthly Fee on your Business Advantage Fundamentals Banking account. In addition to the primary business debit, linked employee business debit cards also count toward the monthly net purchases amount threshold.

The following transactions do not qualify: a) ATM transactions; b) refunds, returns or other adjustments; c) cash advances or purchases of cash-like items, such as money orders, traveler’s cheques, foreign currency, cashier’s checks, gaming chips, and other similar instruments and things of value; d) account funding transactions, including transfers to open or fund deposit, escrow or brokerage accounts and purchases of stored value cards; e) pending (unposted) transactions.

NOTE: The waiver applies only when the owner of the Business Advantage Fundamentals Banking account and the owner of the linked product share the same Taxpayer Identification Number (TIN).

Balance Connect™ for overdraft protection

With Balance Connect™ you can link up to 5 eligible backup accounts to your eligible checking account (covered account) for overdraft protection. This optional service can help you cover your payments and purchases, helping you avoid overdrafts and declined or returned items. While fees apply when you use Balance Connect™, these fees may be less expensive than the fees for overdrafts and declined or returned items. Please see the Deposit Agreement and Disclosures for more information about eligibility and how Balance Connect™ transfers work. To enroll in this service, please visit Online Banking, call the number on your account statement or talk to your local financial center associate.

Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

Transaction Limits for Savings Accounts
The Deposit Agreement and Disclosures limits the number of certain types of withdrawals and transfers from a savings account to a total of six each monthly statement cycle. This transaction limit applies to the following types of withdrawals or transfers: automatic and pre-authorized transfers, telephone transfers, Online and Mobile Banking transfers and drafts, and debit card transfers and drafts.

If you exceed these limits on more than an occasional basis, we may convert your account to another type of account, such as a banking account, and your account may no longer earn interest.

About the Cash Deposit Processing Fee
To determine the nearest $100 increment, less than $50.00 is rounded down and $50.00 or more is rounded up.
Frequently Asked Questions about Business Banking and Savings Accounts

What other agreements have terms that apply to my deposit account?
In addition to the terms in this Schedule of Fees, the terms in the Deposit Agreement and Disclosures, the signature card for your account and the other account opening documents govern your account and are part of the binding contract between you and us for your account. Please read these documents carefully.

What are paperless statements?
With the paperless statement option, you get your account statement electronically through Business Advantage 360, and you do not get a paper statement. You can enroll to receive paperless statements at a financial center or through Business Advantage 360. When you enroll at a financial center, you’ll need to log into Business Advantage 360, from your computer to confirm your choice.

How long is a statement cycle for a banking account?
The normal statement cycle for a banking account can range from 28 to 33 days. The beginning and end dates may vary slightly from month to month and are listed on the statement.

What are combined statements?
A combined statement is one statement that reports activity for your primary banking account and any deposit accounts that you choose to be included in the combined statement, instead of separate statements for each account. You must do two things in order to have a combined statement. First, you must specifically request a combined statement. Second, you must tell us which accounts you choose to include in the combined statement. Credit and charge card accounts cannot be included in the combined statement. Instead, separate statements are provided for each account. You may not choose to include linked deposit accounts in a combined statement that you do not want others to see. Combined statements may not be available in some states. Please read the information about Combined Statements in the Deposit Agreement and Disclosures.

What does variable rate mean?
Funds in an interest-bearing banking or savings account earn a variable interest rate. This means that your interest rate and annual percentage yield may change after the account is opened. At our discretion, we may change your interest rate and annual percentage yield at any time.

What is the difference between “included accounts” and “linked accounts”?
“Included accounts” refers to those accounts that are included as part of a business banking solution for no additional Monthly Fee. For the Business Advantage Relationship Banking solution, your primary account is a Business Advantage Relationship Banking account, and you can choose to include another Business Advantage Relationship Banking account and/or a Business Advantage Savings account with no additional Monthly Fees. “Linkage” or “linking” refers to the process by which a particular account or service either gets included as part of a solution, and/or counted as a way to avoid the Monthly Fee. “Linked accounts” refers to those eligible products or services whose balances can be combined, or usage counted, as a way to qualify for a Monthly Fee waiver on a particular solution. See Other Account Information for eligible account balances. We do not ordinarily link your other accounts unless you tell us to do so. You must visit a financial center or call 888. BUSINESS (888.288.2789) and tell us which accounts you would like to link to your solution. A solution cannot be linked to another solution.

What happens when I link my debit card to a Business Advantage Fundamentals Banking account in the banking solution?
Banking and credit card accounts, the primary banking account or on additional Business Advantage Fundamentals Banking accounts in the solution count towards the monthly spend requirement to waive the Monthly Fee.

Are the statement cycles for linked accounts the same?
If you use a combined statement for your banking and savings accounts, the statement cycles for the linked banking and savings accounts are generally the same. Cycle dates may vary if you chose not to have a combined statement.

When do Monthly Fees post?
For each statement cycle, the Monthly Fee for a banking solution (and included accounts) will be applied to the primary banking account if you did not meet any of the specified ways to qualify for a waiver, and will post after the statement cycle closes. For additional savings or banking accounts linked to a solution, the Monthly Fees for those accounts will also post after the statement cycle closes, unless a balance qualifier is met.

When will the fee for cash deposit processing post to my account? When will I see the fee on my monthly banking statement?
The fee will not be posted in the month that the cash is deposited. It will be posted and you will see the fee on either your next monthly statement or the following one. The Cash Deposit Processing Fee will be assessed at the rate for your current account type when the fee posts to your monthly statement.

What restrictions apply when linking deposit accounts to a banking solution?
Some restrictions apply to which accounts can be linked to a solution. Accounts located in different states cannot always be linked. You may not link a banking solution to another banking solution. To link additional accounts to a banking solution, at least one of the owners of the additional account must also be an owner of the primary banking account in the solution. You may not link personal and business accounts together. Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

What happens if I change my Business Advantage Fundamentals Banking solution to a Business Advantage Relationship Banking solution?
If you upgrade your Business Advantage Fundamentals Banking solution to a Business Advantage Relationship Banking solution and you have existing Additional Checking accounts included in your Business Advantage Fundamentals Banking solution, when you upgrade your solution you can include one Additional Checking account in your Business Advantage Relationship Banking solution for no additional Monthly Fee. However, this account will be changed to a Business Advantage Relationship Banking account and linked to the Business Advantage Relationship Banking solution. Any remaining Additional Checking accounts will each form a new, separate Business Advantage Relationship Banking solution. Fees will change as will Monthly Fee waiver qualifications. See the Business Advantage Relationship Banking solution description on page 3. When you upgrade accounts linked to your Business Advantage Fundamentals Banking solution, for purposes of meeting the balance or usage requirements to qualify for a Monthly Fee waiver, to your new Business Advantage Relationship Banking solution.

What happens if I change my Business Advantage Relationship Banking solution to a Business Advantage Fundamentals Banking solution?
If you upgrade your Business Advantage Relationship Banking solution to a Business Advantage Fundamentals Banking solution and you have existing Additional Checking accounts included in your Business Advantage Relationship Banking solution, when you downgrade your solution the Additional Checking accounts will each form a new, separate Business Advantage Relationship Banking solution. Fees will change as will Monthly Fee waiver qualifications. Please read the information about Combined Statements in the Deposit Agreement and Disclosures.
Frequently Asked Questions about Business Banking
and Savings Accounts (cont.)

Advantage Fundamentals Banking solution, subject to the fees and Monthly Fee waiver qualifications for the Business Advantage Fundamentals Banking solution. See the Business Advantage Fundamentals Banking solution description on page 2. When you downgrade, accounts linked to your Business Advantage Relationship Banking solution may be delinked. You have the option of linking accounts that were linked to your Business Advantage Relationship Banking solution, for purposes of meeting the balance or usage requirements to qualify for a Monthly Fee waiver, to your new Business Advantage Fundamentals Banking solution.

What happens if my primary checking account is closed in a Business Advantage Relationship Banking or Business Advantage Fundamentals Banking solution?

Each banking solution has a primary checking account. If your primary checking account is closed, then you must tell us whether you want one of the other checking accounts in the solution to become your new primary account. If you do not select a new primary account, then we delink all of the other checking accounts and each one becomes a separate banking solution, subject to the Monthly Fee for that type of banking solution. If you have Business Interest Checking or Business Economy Checking accounts linked to the solution, these accounts will also be delinked and cannot be relinked. Business Economy Checking and Business Interest Checking cannot become the primary account in a checking solution.
Preferred Rewards for Business Program Rules

Preferred Rewards for Business is only available to Bank of America Small Business, Merrill Small Business, Bank of America Private Bank Small Business clients. Other categories of clients, such as those commonly referred to as Business Banking, Global Corporate Banking, and Institutional clients are not eligible to participate in the program.

You may enroll in Preferred Rewards for Business when you:

(i) have an active, eligible business checking account with Bank of America (eligible checking accounts are any Small Business checking account and the following Analyzed checking accounts: Full Analysis Business Checking or Analyzed Business Interest Checking); and

(ii) maintain a combined average daily balance in your qualifying Bank of America business deposit accounts and/or your Merrill business investment accounts (such as Working Capital Management Accounts, Endowment Management Accounts, Institutional Cash Management Accounts, Business Investor Accounts, Delaware Business Accounts).

You can satisfy the combined balance requirement for enrollment with either:

(i) your average daily balance for a three calendar month period; or

(ii) your current combined balance, provided that you enroll at the time you open your first eligible business checking account and satisfy the balance requirement at the end of at least one day within the first thirty days of opening that account.

Once you are eligible, you can enroll for program benefits. Enrollment is generally available three or more business days after the end of the calendar month in which you satisfy the requirements. Bank of America Private Bank Small Business clients are automatically enrolled in the program.

Your benefits become effective within 30 days of your enrollment and require no action on your part. Some benefits may require you to open a new account or take other action. Some benefits are available based on balances and other requirements without the need to enroll. Read carefully the terms of any offer to understand the action required.

For Payroll benefits, the deposit account receiving the benefit must be open at the time the benefit is paid. To receive Merchant Services benefits, your Merchant Services processing account, and the Bank of America business checking account where you are setting up your sales processing transactions, must be open and you must be enrolled in Preferred Rewards for Business at the time the benefit is paid. Your enrollment in Preferred Rewards for Business will end and the benefits from enrollment will no longer be provided. You can continue to receive Preferred Rewards for Business benefits if you are eligible for the program and you take action to enroll.

At the annual review, we will also confirm that you still have an active, eligible business checking account with Bank of America. If as a result of the annual review you do not qualify for any balance tier, or you no longer have an eligible business checking account, and you do not submit a request to open a new eligible business checking account in the three months after your anniversary month, your program qualification will discontinue immediately without further notice.

For Bank of America Private Bank clients, once you are no longer a client of the Bank, your enrollment in Preferred Rewards for Business will end and the benefits from enrollment will no longer be provided. You can continue to receive Preferred Rewards for Business benefits if you are eligible for the program and you take action to enroll.

You or we may terminate your enrollment at any time. You may change or terminate program benefits at any time, without prior notice.

Only business accounts owned by the same business entity, and that in our determination are in good standing, count toward your balance requirements and receive benefits. Accounts on which you are a signer but not an owner, or accounts included in your periodic statement on which you are not an owner, are not eligible. Personal accounts do not count toward the checking account requirement or balance requirements for the program, and will not be eligible to receive program benefits. Bank of America has a separate rewards program for personal accounts. Your personal accounts can be used to qualify for that program.

Each business entity, including business entities with common ownership, must qualify on its own to be eligible for the program and you must enroll in the program separately.

If at any time you become a Business Banking, Global Commercial Banking, Global Corporate Investment Banking, or Institutional client, and are no longer a Small Business client, your qualification will discontinue. Your benefits will then be discontinued without further notice. Contact us at the phone number on your statement if you have questions about your Bank relationship. See the chart below for examples of accounts that do and do not qualify for the combined balance calculation.
