Business Schedule of Fees

Banking Solutions

Effective July 14, 2017

Georgia, Maryland, Tennessee, Virginia and Washington, D.C.
This schedule applies to business deposit accounts that we maintain and currently offer in Georgia, Maryland, Tennessee, Virginia and Washington, D.C. Please read carefully. It is part of the binding contract between you and us for your account and deposit relationship.

This schedule lists account fees that may apply to you, depending on which account you have, how you use your account and what services you use. It also explains how you can avoid some fees.

For information about interest rates, fees and other services not covered in this schedule, please visit a financial center, call us at the number on your statement or 888.BUSINESS (888.287.4637). Please note that fees for your account may be different than those listed in this schedule based on your overall relationship with us.

We may change the accounts and services described in this schedule at any time by adding new terms and conditions or deleting or amending existing terms and conditions. We may also add new accounts or services and convert or discontinue existing accounts or services at any time.

You can ordinarily open most accounts through all of our channels – in our financial centers, through telephone banking, mobile and online. However, some accounts may not be available at all times, in all locations, or through all channels. If your address is in a state where we do not have a financial center, we may open the account as if you opened it at a financial center in the state of Florida. In these circumstances, the pricing and account terms will be those applicable to accounts opened in the state of Florida.

Your account and deposit relationship are also governed by the Deposit Agreement and Disclosures. Please read that agreement carefully.

---

**See Balance Information under the Other Account Information section for more detail.**

**Use a linked Bank of America business credit card or business charge card to make at least $2,500 in new purchases each month or charge card billing cycle.** In addition to the primary credit or charge card, linked employee business cards and credit cards that access a Business Credit Express line of credit also count toward the monthly net purchases amount threshold. To ensure your business credit or charge card is linked to your Business Advantage Checking account, please visit your local financial center or call 888.BUSINESS (888.287.4637). Credit or charge card spend is evaluated at the end of your Business Advantage Checking account statement cycle, and the assessment of whether you met the spend threshold is based on the immediately preceding completed billing cycle of the credit/charge card account. For example, if your credit/charge card account cycles early in the month and your checking account cycles late in the month, qualifying credit or charge card purchases posting in early March would be counted towards waiving your April checking Monthly Fee. Purchases must be made on only one of the credit or the charge card accounts, and must post to the account during the same statement or billing cycle to qualify; purchases on combination of credit or charge cards cannot be aggregated to reach the monthly spend threshold.

The following transactions do not qualify: a) ATM transactions; b) refunds, returns or other adjustments; c) cash advances or purchases of cash-like items, such as money orders, traveler's cheques, foreign currency, cashier's checks, gaming chips, and other similar instruments and things of value; d) account funding transactions, including transfers to open or fund deposit, escrow or brokerage accounts and purchases of stored value cards; e) pending (unposted) transactions.

In order for your Bank of America Merchant Services account to be considered “active”: (1) it must be open and in good standing; and (2) you must have submitted a qualifying transaction batch during the prior Business Advantage Checking billing cycle. A qualifying transaction batch is a single submission consisting of a group of transactions (e.g., sales and credits) that are posted to your Bank of America Merchant Services account during at least one of the two months preceding your current Business Advantage Checking account statement cycle. For example, ADP® Payroll Services. Payroll providers must be Bank of America approved and you must have enrolled in the service through Bank of America. Payroll Services by Intuit®. You are an active user when you are enrolled in Intuit® Online Payroll (Basic or Enhanced Service) or Intuit Full Service Payroll®, process at least one payroll transaction through the service in the last 60 days and pay your payroll using your Business Advantage Checking account. Payroll transactions that occur in the 10 days preceding your current Business Advantage Checking account statement cycle may count toward your next month's Monthly Fee waiver evaluation. ADP® Payroll Services. You are an active user when you have enrolled in ADP® Payroll Services on or after December 31, 2015 and process at least one payroll transaction from your Business Advantage Checking account through the service during at least one of the two months preceding your current Business Advantage Checking account statement cycle. For example, ADP® Payroll Services activity with a last payroll run date from either January or February would count toward your March Monthly Fee waiver evaluation for your Business Advantage Checking account.

Other Account Information

This section covers some of the features and services that may apply to your account, depending on which account you have and how you use your account. Please see the Deposit Agreement and Disclosures for more information.

Balance Information

The terms “Opening Balance,” “Minimum and Average Balances,” and “Eligible Balances” are explained below. Other balance terms are explained in the Deposit Agreement and Disclosures.

Opening Balance. You can open most checking and savings accounts with a deposit of $100 or more.

Minimum and Average Balances. With most checking and savings accounts, you can avoid the monthly maintenance fee for each statement cycle during which you maintain a specified balance. If applicable, the balance requirements are listed with the account description.

We use the balances in your linked accounts to calculate the combined balances. Only additional Business Fundamentals Checking and Business Advantage Checking accounts can be linked – a business checking solution cannot be linked to another business checking solution.

For Business Interest Checking you may link Business Economy Checking, Business Interest Checking, Business Advantage Savings, Business Advantage Platinum Savings, Business Investment Account and Business CDs.

Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

Transaction Limits for Savings Accounts

Federal regulations (applied to all U.S. Banks) and the Deposit Agreement and Disclosures limit the number of certain types of withdrawals and transfers from a savings account to a total of six each monthly statement cycle. This transaction limit applies to the following types of withdrawals or transfers: automatic or pre-authorized transfers, telephone transfers, Online and Mobile Banking transfers or payments, or if checks or debit cards are allowed on the account, check, draft and point of sale transactions.

If you exceed these limits on more than an occasional basis, we may convert your account to another type of account, such as a checking account, and your account may no longer earn interest.

About the Cash Deposit Processing Fee

To determine the nearest $100 increment, less than $50.00 is rounded down and $50.00 or more is rounded up.

Frequently Asked Questions about Business Checking and Savings Accounts

What other agreements have terms that apply to my deposit account?
In addition to the terms in this Schedule of Fees, the terms in the Deposit Agreement and Disclosures, the signature card for your account and the other account opening documents govern your account and are part of the binding contract between you and us for your account. Please read these documents carefully.

What are paperless statements?
With the paperless statement option, you get your account statement electronically through Small Business Online Banking and you do not get a paper statement. You can print it at any time from your paperless statement. With the paperless statement option, you get your account statement. You can print it at any time from your paperless statement.

How long is a statement cycle for a checking account?
The normal statement cycle for a checking account can range from 28 to 33 days. The beginning and end dates may be slightly from month to month and are listed on the statement.

What are combined statements?
A combined statement is one statement that reports activity for your primary checking account and any deposit account linked to that primary account that you choose to be included in the combined statement, instead of separate statements for each account. You must do two things in order to have a combined statement. First, you must specifically request a combined statement. Second, you must tell us which deposit accounts you want included in the combined statement. You must do two things in order to have a combined statement.

When do Monthly Fees post?
For each statement cycle, the Monthly Fee for a checking account is due on the first day of the month, and will post after the statement cycle closes. For additional checking and savings accounts, the statement cycles for the linked checking and savings accounts are generally the same. Cycle dates may vary if you chose not to have a combined statement. For each statement cycle, the Monthly Fee for a checking account is due on the first day of the month, and will post after the statement cycle closes.

What is the difference between “included accounts” and “linked accounts”?
“Included accounts” refers to those accounts that are part of a business checking solution rolled up under just one monthly checking fee. “Linked accounts” refers to those accounts that are part of a business checking solution rolled up under just one monthly checking fee.

What happens when I link my debit card to a Business Fundamentals Checking account in the checking solution?
Business debit card purchases made on the primary checking account or on additional Business Fundamentals Checking accounts in the solution count towards the monthly spend requirement to waive the monthly checking fee.

What happens if I change my Business Fundamentals Checking solution to a Business Advantage Checking solution?
If you upgrade your Business Fundamentals Checking solution to a Business Advantage Checking solution, you can retain Additional Checking accounts in the Business Fundamentals Checking solution, however, these checking accounts will be changed to Business Advantage Checking accounts and linked to the new Business Advantage Checking solution. You also have the option of moving any Business Interest Checking or Business Economy Checking accounts linked to the new Business Advantage Checking solution to be linked. Fees will change as will Monthly Fee waiver qualifications. Check the solution description on page 3.

When will the fee for cash deposit processing post to my account?
When will I see the fee on my monthly checking statement?
The fee will not be posted in the month that the cash is deposited. It will be posted and you will see the fee on either your next monthly statement or the following one. The Cash Deposit Processing Fee will be assessed at the rate for your current account type when the fee posts to your monthly statement.

What restrictions apply when linking deposit accounts to a checking solution?
Some restrictions apply to which accounts can be linked to a solution. Accounts located in different states cannot always be linked. You may not link a checking solution to another checking solution. To link additional accounts to a checking solution, at least one of the owners of the additional account must also be an owner of the primary checking account in the solution. You may not link personal and business accounts together. Public service trust accounts, such as IOLTA accounts, and certain other fiduciary accounts such as trusts and estate accounts, are not eligible to be linked to non-fiduciary accounts and are not counted toward the combined balance requirement.

What happens when I link my credit or charge card to a Business Fundamentals Checking or Business Advantage Checking solution?
With a Bank of America Business Fundamentals Checking or Business Advantage Checking solution, you can link your business credit or business charge card to the solution to meet certain spend requirements to waive the monthly checking fee. Employee business credit or business charge cards can also be linked and count toward the monthly spend requirements.
What happens if I change my Business Advantage Checking solution to a Business Fundamentals Checking solution?

If you downgrade your Business Advantage Checking solution to a Business Fundamentals Checking solution, any Additional Checking accounts in the Business Advantage Checking solution will be changed to Business Fundamentals Additional Checking accounts and linked to the new Business Fundamentals Checking solution. Since the Business Fundamentals Checking solution only comes with one checking account, you will incur a fee for each Additional Checking account you choose to link to the new solution unless the balance qualifier for that additional account is met. You also have the option of moving any Business Interest Checking or Business Economy Checking accounts linked to the Business Advantage Checking solution to the new Business Fundamentals Checking solution to be linked.

What happens if my primary checking account is closed in a Business Advantage Checking or Business Fundamentals Checking solution?

Each checking solution has a primary checking account. If your primary checking account is closed, then you must tell us whether you want one of the Additional Checking accounts in the solution to become your new primary account. If you do not select a new primary account, then we delink all of the Additional Checking accounts and each one becomes a separate checking solution, subject to the Monthly Fee for that type of checking solution. If you have Business Interest Checking or Business Economy Checking accounts linked to the solution, these accounts will also be delinked. Business Economy Checking and Business Interest Checking cannot become the primary account in a checking solution.
